- CCNA
- Docker, LXC, Vagrant
- Penetration testing
- Server knowledge, Virtualisation , Continious Integration

soft-skills

- Team player
- Creative
- Curious
- Thinks out of the box

OTHER ACTIVITIES

I play competitive table tennis, every week I go out with a solid group of friends, I listen to electronic music or immortalized classics. To maintain a healthy mind in a healthy body I try to run three times a week.

In the field of ICT, I adore Linux, I have my own homeserver where I try a lot of things on, on this server I run a markdown platform where I save guides and cheatsheets on. I like to configure my server or disassemble computers, I'm also busy with design; web design, web development, pentesting and creating my own search engine. I'm also webmaster of my table tennis club ttcteneramonda.
