- Configuration management

Soft-skills

- Teamplayer
- Creative
- Curious
- Realistic
- Thinks out of the box

OTHER ACTIVITIES

I play competitive table tennis, Once in awhile I go out with a solid group of friends, I listen to electronic music or immortalized classics. To maintain a healthy mind in a healthy body I try to run three times a week.

In the field of ICT, I adore Linux, At home I have some servers where I try a lot of things on. I like to configure servers or disassemble computers, I'm also busy with web design, web development, pentesting, creating my own operating system. I'm also webmaster of my table tennis club ttcteneramonda (ttcteneramonda.be).

When not sitting behind a computer you may find me at conferences, I like to meet new people and talk about the new technologies.
